Accreditation

The MSMS Committee on CME Accreditation is recognized by the Accreditation Council for Continuing Medical Education (ACCME). The Michigan Board of Nursing accepts continuing education credits from the ACCME.

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Michigan State Medical Society Committee on CME Accreditation through the joint sponsorship of MSU/KCMS and Borgess Diabetes Center/Borgess Health. MSU/KCMS is accredited by the MSMS Committee on CME Accreditation to provide continuing medical education for physicians. MSU/KCMS designates this live activity for a maximum of 5.00 AMA PRA Category 1 Credit(s). Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Speakers

Michael Valitutto, DO, Medical Director, Borgess Diabetes Center, graduated from the University of Osteopathic Medicine and Health Sciences in Des Moines, Iowa. He completed his internship and residency training in internal medicine at St. John's Hospital in Detroit and is board certified by the American Osteopathic Board of Internal Medicine. Dr. Valitutto is an NCQA Recognized physician in Diabetes.

Mary M. Dagen, MD, received her medical degree from American University of the Caribbean, St. Maarten, Netherlands Antilles. She completed her residency training in family medicine at Munson Medical Center in Traverse City, Mich. Board certified in family medicine, Dr. Dagen is a member of the American Academy of Family Physicians and American Medical Association. Currently, she is in private practice at Westshore Family Medicine in Muskegon, Mich.

Raymond Earle Bourey, MD, FACP, FACE, FAASM, graduated with his medical degree from Southern Illinois University School of Medicine, where he also completed residency training in internal medicine. Dr. Bourey received a fellowship in applied physiology, as well as endocrinology and metabolism, from Washington University School of Medicine. He is chief of University of Toledo College of Medicine's Division of Endocrinology and medical director, Regional Center for Sleep Medicine in Toledo.

David Strobl, DO, completed his cardiology fellowship at the Cleveland Clinic. He is currently professor of medicine and chairman of the section of cardiology in the Department of Internal Medicine at Michigan State University's College of Osteopathic Medicine. Dr. Strobl is the director of the Heart Disease Prevention Program and Lipid Clinic at the Thoracic Cardiovascular Institute, and is among the first physicians in the country to achieve certification as a diplomate of the American Board of Clinical Lipid Management.

Joyce Byers, MS, CDE, FNP-BC, is a family nurse practitioner in the Borgess Diabetes Center. She has 24 years of experience in hospital care, case management and primary care environments. She also has 14 years of direct experience in diabetes care as a certified nurse specialist and certified diabetes educator. She received her bachelor's degree from University of Michigan, her master's degree in nursing administration from Andrews University in Berrien Springs and her family nurse practitioner certificate from Michigan State University.
