Accreditation

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Michigan State Medical Society Committee on CME Accreditation through the joint sponsorship of MSU/KCMS and Borgess Medical Center/Center for Diabetes Care. MSU/KCMS is accredited by the MSMS Committee on CME Accreditation to provide continuing medical education for physicians. MSU/KCMS designates this education activity for a **maximum of 5.0 AMA PRA Category 1 Credit(s)**[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Speakers

Joyce Byers, MS, CDE, FNP-BC, is a family nurse practitioner in the Borgess Diabetes Center. She has 24 years of experience in hospital care, case management and primary care environments. She also has 14 years of direct experience in diabetes care as a certified nurse specialist and certified diabetes educator. She received her bachelor's degree from University of Michigan, her master's degree in nursing administration from Andrews University in Berrien Springs and her family nurse practitioner certificate from Michigan State University.

Laurie Kane, MD, is a board-certified endocrinologist in private practice in Petoskey, Mich. She is a physician advisor for both the Diabetes Center and Medical Weight Management Program at Northern Michigan Hospital. Dr. Kane graduated with her medical degree from Wayne State University School of Medicine, as well as completed a residency in internal medicine and a fellowship in endocrinology and metabolism at Mayo Graduate School of Medicine. She is a member of the American Diabetes Association, Endocrine Society and American Association of Clinical Endocrinologists.

David Strobl, DO, completed his cardiology fellowship at the Cleveland Clinic. He is currently professor of medicine and chairman of the section of cardiology in the Department of Internal Medicine at Michigan State University's College of Osteopathic Medicine. Dr. Strobl is the director of the Heart Disease Prevention Program and Lipid Clinic at the Thoracic Cardiovascular Institute, and is among the first physicians in the country to achieve certification as a diplomate of the American Board of Clinical Lipid Management.

Michael Valitutto, DO, Medical Director, Borgess Diabetes Center, graduated from the University of Osteopathic Medicine and Health Sciences in Des Moines, Iowa. He completed his internship and residency training in internal medicine at St. John's Hospital in Detroit and is board certified by the American Osteopathic Board of Internal Medicine. Dr. Valitutto is an NCQA Recognized physician in Diabetes.
